

BuilderMT Wins ConstrucTech's "Hottest Company" Award

Two BuilderMT Clients Also Take Top Awards

BuilderMT Retains the Title of "Most Award-Winning Software Company" in the Residential Home Building Sector

Lakewood, Colorado—August 25, 2006— BuilderMT—the nation's leading provider of production management software for residential homebuilders—today announced it has won *ConstrucTech* magazine's Hottest Company Award for 2006. This award is just one in a series of awards BuilderMT has won over recent years. With this award, BuilderMT retains its title as the most-award-winning, best-selling software in the home building sector. BuilderMT has won more awards and sold more software systems than all its competitors combined.

Additionally, at this year's ConstrucTech Vision awards ceremony, two BuilderMT clients also won top awards. Graham Hart Home Builder won a "gold" level Vision Award in the "single family builder \$5-\$25 million tier." Using BuilderMT, Graham Hart Home Builder (120 starts annually) has achieved remarkable success with its entirely integrated, paperless, workflow management home building process. Another BuilderMT customer, Generation Homes (200 starts annually) won the prestigious overall 2006 Team Award from *ConstrucTech*. The Team Award is given to the best project team with the most innovative use of technology, based on a single project.

BuilderMT's long string of awards now includes:

- *ConstrucTech* Hottest Company of the Year 2006
- *ConstrucTech* Vision Awards for 2006 – Graham Hart Home Builder
- *ConstrucTech* Vision Awards for 2006 overall Team Award - Generation Homes
- *Home Builder Executive Magazine* 2006 Award for Scheduling Software
- *Home Builder Executive Magazine* 2006 Builder Technology Innovation Award
- Tom Gebes, President of BuilderMT, Ernest and Young Entrepreneur of the Year Finalists for 2006
- *ConstrucTech* Vision Awards for 2005 – Delcor Homes
- *ConstrucTech* Hottest Technology of the Year 2005
- *TechHomeBuilder* High Impact Products of the Year 2004

"These awards from ConstrucTech confirm what many of our customers and prospects already know. It's what has made BuilderMT the best-selling software in the home building sector year-on-year for the last three years," said Tom Gebes, President of BuilderMT. "Bar none, we have the very best technology available to home builders for process and workflow management. We couldn't be happier to receive this honor, but the real winners here are our customers, who will continue to have access to the very best software solutions on today's markets."

About BuilderMT

For large and medium-size homebuilders in the \$250 billion homebuilding industry, BuilderMT provides highly customizable building process management software that works in tandem with Sage Timberline Office accounting and estimating software, systems used by one in four of the Builder 100. BuilderMT has been purchased by over 635 corporations and 4,000 individuals to manage over 280,000 housing starts annually, more than 20% of the new home market. BuilderMT is widely recognized as a leader in process-driven, best-building practices for builders, as well as customer service, warranty applications, on-line training, and innovative wireless applications. Since its inception in 1999, BuilderMT has maintained its status as a debt-free, highly profitable company that puts its profits back into the infrastructure and software development.
